

Notes From Our Early Files

TEN YEARS AGO
OCTOBER 31, 1974

***Mr. and Mrs. Roy Moore were honored on their golden wedding anniversary Sunday, October 13, at the home of their daughter, Mrs. Malcolm Davis, on Putnam Street. Hosts were the Moore children, daughters-in-law and sons-in-law. Besides Mrs. Davis they were Mr. Joe F. Moore, Mr. Johnnie M. Moore and Mr. Robert W. Moore.

***Socials with Shirley: Mr. Bob Cannon had a memorable time over the weekend visiting his daughter Courtney at Converse College in Spartanburg, South Carolina, for "Freshmen Fathers" weekend. He participated in such events as a WWII party, complete with dress; saw Courtney and some more girls perform in a ski; was treated at an exclusive restaurant by his daughter who wore a long dress, and came home with many memories of a wonderful weekend.

***ZCHS News: Sports Profile - Keith Byrd Stephens, son of Mr. and Mrs. Pete Stephens, Rt. 1, Glenwood; Little Miss and Mr. Zion Chapel - Richie Rugg, son of Mr. and Mrs. Byron Rugg, and Denise

Chancellor, daughter of Mr. and Mrs. Jerry Chancellor.

***EHS News: 1974 homecoming court: queen Linda Coon, Debra Hammonds, Jo Ruth Kendrick and Jana Brown; Player of the Week - Ronnie Culver; Bandsman of the Week - Pam Galtimore.

TWENTY YEARS AGO
OCTOBER 29, 1964

***Anella Sasser will be presented in a piano recital Sunday afternoon, November 1, at the Elba High School auditorium. She is the daughter of Mr. and Mrs. Kie Sasser.

***Retired Coffee County school teachers pictured at their first meeting of the new year were Mrs. Cora Ham, Miss Eunora Farris, Mrs.

Eugene Grimes, Mrs. Helen Roberts, Mrs. Ola B. Kendrick, Miss Zedie Rowe, Mrs. Mae Bryan, Mrs. Kate Hamm and Miss Nettie Ruth Walker.

***Mrs. Cecil T. Corley and Miss Marilyn Griffith honored Tommy Corley at a surprise party celebrating his 17th birthday on Saturday, October 17, at his home on Highway 84 West. The Halloween theme was carried out with a cake of yellow and black icing and a bonfire cocktail.

***Little Miss Lori Ann Dyess of Huntsville is visiting her grandparents, Mr. and Mrs. Sam Sawyer.

***Lennie Hatway, Bill Reynolds, Willie Coon, Foye Anderson, Woodrow Pierce and Joel B. Moody

went to Long Bridge last Wednesday afternoon for trout fishing.

THIRTY YEARS AGO
NOVEMBER 4, 1954

***After eleven years of research and study, Dr. W.M. Ringsdorf, Elba dentist, has developed a technique for putting in porcelain fillings.

***Tommy Thomason and several friends went on a dove hunt last Thursday afternoon, and upon arriving they proceeded to unload their equipment. Tommy had everything, including ammunition, game bag, hunting coat, thermos bottle - but no gun. He persuaded members of the party to return to Elba and get the missing weapon. The dove shoot then proceeded.

***Mr. W.F. Fortner was sweeping the sidewalk all the way to the curb Sunday afternoon in search of the key to his store door. After all the sweeping and thorough search inside

and out he found the key in the cuff of his trousers, the natural lodging place for things that are dropped.

***High School News: Jimmy Young is the youngest child of Mr. and Mrs. Bradford Young. They live in Curtis Community. Jimmy is 5'8" tall, has blond hair and blue eyes. He is the solo trumpet player in the band and has gone to the all state band for three years. Jimmy is in the Beta Club too.

***Mrs. John Wilkerson has returned home from a visit with her daughter and son-in-law, Sgt. and Mrs. Hoyt Williams, of New Jersey.

FORTY YEARS AGO
NOVEMBER 2, 1944

***Mrs. Harold English returned the first of last week from Mobile where she spent several days at the bedside of her husband, who recently underwent a major operation at U.S. Marine Hospital.

***If you want good flour, go to

Smith Brothers and get "Orient".

***Smith Harper and Whit Caple, two of Elba's highly esteemed colored citizens, gave an oyster supper Friday night at the Harper home in honor of Zedie Stinson of New York. The supper was in reciprocation of an enjoyable visit they had when visiting in New York last summer.

***Weekend visitors in the home of Miss Vivian Boutwell were Misses Peggie Carr, Betty Kendrick, Mozelle Crocker, Vivian Hurd, Nell Wilkes, Johnnie May Price; Messrs. Morris Johnson, Ray Hurd, Harold Kendrick, Jesse Hurd, Coley and Densby Lowery, Bill Walker and Miss Syle Walker, all of Zion Chapel. Sunday night visitors were Mr. and Mrs. Rufus Wilson of Hebron.

***Pvt. Luther O. Richards, stationed at Camp Gordon, Georgia, for some time, has been transferred to Ft. Jackson, S.C.

Elba Cub Scout To Receive Certificate Of Heroism For Saving Sister From Fire

Cub Scout Vince Hudson of Elba will be presented a Certificate of Heroism on November 29, at 7 p.m.

at the Elba High School, for his act of rescuing his seven-year-old sister Kristy from a burning garage on

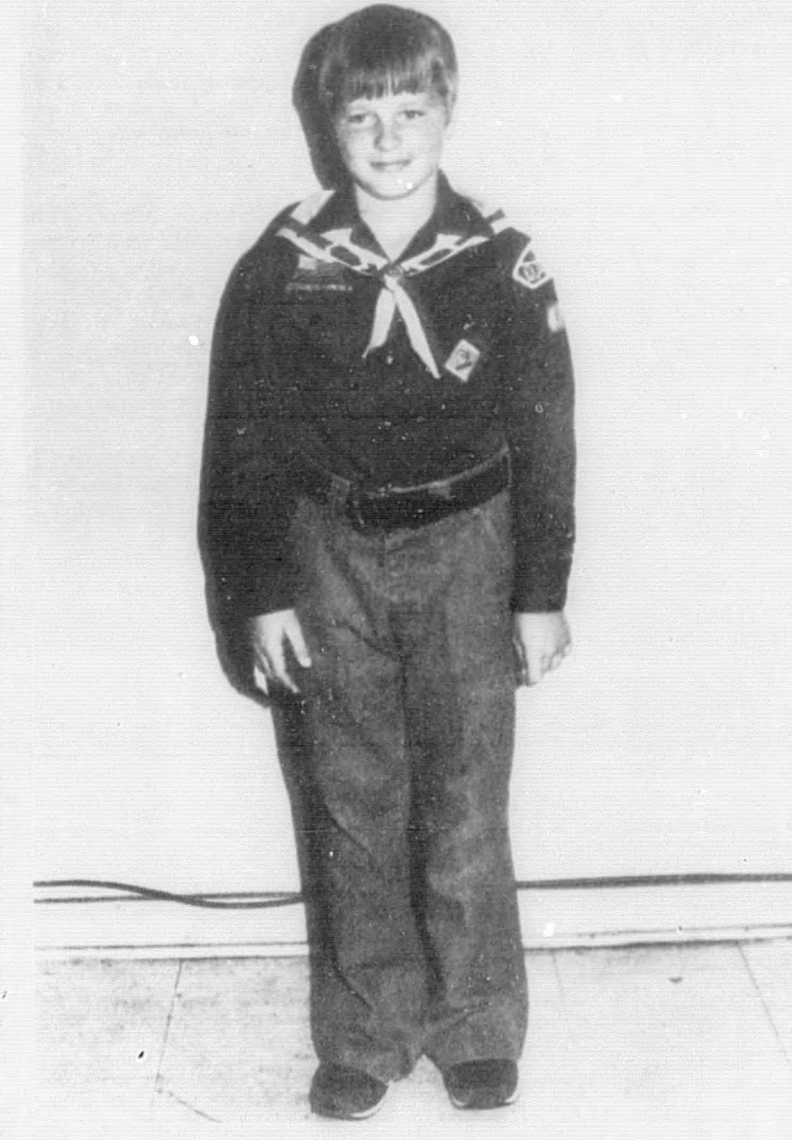

January 25, 1984.

The 10-year-old Cub Scout and his sister were watching television in

their shed-garage while their father worked nearby. The father left the two watching television for a few minutes while he went to pick up their mother from work. As Vince changed stations on the television, a spark ignited some nearby gasoline which exploded throwing fire on Vince and around the building. Vince rescued his frightened, screaming sister from the burning building, jumping through and over the fire. He then rolled on the ground putting out the fire on his own body. He then went inside the house and, giving accurate directions to his home, called the operator who summoned the volunteer fire department. Vince then returned to the garage and began to extinguish the fire with a piece of clothing.

"Vince remained calm through the whole ordeal while attempting to console his sister and parents as they arrived on the scene, even though he had been burned extensively on his arm and in a great deal of pain," said Bill Sexton, district executive. "Vince displayed courage and composure... and only after the ordeal was over did he consider his own injuries and pain."

Vince is the son of Mr. and Mrs. James P. Hudson of Elba, and belongs to Cub Scout Pack 47, which was chartered by the Elba Lions Club.

New Faces Are Present As Elba City Board Of Education Holds Meeting

The Elba City Board of Education took on a new look at its meeting Tuesday night, November 6, as two members left the board, two new members took office and a new chairman and vice-chairman were named.

Mrs. Gladys Yelverton, who resigned from the board after being elected to the Elba City Council, was present at the meeting and was honored by both the Board of Education and the City, as Supt. John Osburn and City Clerk D.M. English presented her with mementos.

Mr. Paul King, who recently completed a five-year term on the board, was unable to attend the meeting. Newly appointed board members Stan Marsh and Tom Maddox were welcomed to the board and received a brief explanation of various activities.

Butch Oggs was unanimously elected as the new board chairman, with Dr. Bill Cowart being unanimously elected as vice-chairman.

Supt. Osburn told the board the school system "finished the month in the black," despite a high total of expenses. The additional expenses were related to the payment of a yearly insurance premium on the school buildings and a disbursement of U.S.D.A. funds. These funds are received to finance the school lunch program and must be recorded as both income and expense.

The superintendent also reported classroom furniture for the junior high building had arrived. The furniture included 400 student desks and new teachers' desks. Three hundred used desks were picked up by the State Prison System, for use in correctional facilities.

The subject of adopting an official board policy was discussed, with all members agreeing to allow Dr. John C. Walden of Auburn University to aid in writing the various policies.

The last policy revision was completed in 1974 and Supt. Osburn stated a new official policy was needed to keep up with changing court orders.

In other action at Tuesday's meeting, the board:

***approved the minutes of the October 4 meeting;

***was informed the city had replaced and added transformers at the junior high building;

***set a tentative date of Sunday, December 2, as the date for holding an open house at the junior high school; and

***toured the junior high school to view renovations.

view renovations.

County Voters Stick With Incumbents In Tuesday's General Election

Coffee County voters joined those across the state and nation by voting split tickets, electing both Democrats and Republicans. While the nation didn't follow completely, this area supported the incumbents by a large margin. The landslide victory by President Reagan didn't carry over to other hopefuls as Alabama voters returned to office U.S. Senator Howell Heflin, a Democrat, and Public Service Commission president Jim Sullivan, also a Democrat.

Republican Congressman Bill Dickinson won his eleventh term, having first gone into office in the Goldwater sweep of Alabama in 1964.

The presidential ticket of Ronald Reagan and George Bush carried Coffee County with 10,016 votes or 70 percent over Democrats Walter Mondale and Geraldine Ferraro with 4,260 votes. The Libertarian Party candidate managed 140 votes and four independent candidates managed 49 total votes. An interesting note nationwide was a survey that indicated women failed to rally to the first woman on a major party ticket, much to the disappointment of Mrs. Ferraro.

U.S. Senator Howell Heflin didn't fall victim to Republican lever-pulling as he defeated Republican Albert Lee Smith by a vote of 836 to 5373. There were 235 votes for Libertarian candidate Frank Tippler III.

Public Service Commission president Jim Sullivan, who was running his first political race, having been appointed to the position by Governor George Wallace, won a decisive victory over Republican Gordon Tucker and Libertarian Timothy A. Gatewood. In Coffee County Sullivan got 6812 votes, Tucker got 4408 and Gatewood 251.

None of the above totals includes the absentee votes, which were still being counted at noon Wednesday. There were over 700 of these ballots and the counting couldn't legally start until 6 p.m. Tuesday. However, there was no race that these votes would change if they happened to all be for a single candidate.

There were three amendments on the ballot, with budget isolation coming before the voters for the third time. It continues to pass locally as well as statewide with Coffee County voters voting 6081 in favor to 1517 opposed. That was passage by an eighty percent majority.

The amendment setting up a cotton check-off was won by a vote of 6081 in favor to 1517 opposed. It directly affects only cotton farmers and was approved by a vote of 5088

to 1923.

The lone amendment to fail was the one granting special hunting license status to a group of Black Belt counties. Coffee County voters rallied to a statewide appeal from the conservation department and voted the measure by a vote of 4721 to 2381 in favor. This measure also failed statewide.

Enterprise voters faced another issue that is always emotionally charged, with very few people neutral. The vote over changing to the legalized sale of alcohol won in

Enterprise by a narrow 367 vote with 3858 voters in favor and 3491 opposing the measure. It pertained only to the City of Enterprise, following a law passed last year by the Alabama legislature allowing cities of 7,000 or more to petition and secure a vote on the measure pertaining only to their city. That law also provided that once the cities of over 7,000 have approved the legal sale, those of 4,000 or more in the same county could also hold a vote on the measure.

WATER SYSTEM IMPROVEMENTS... Johnny R. Smith, Dothan, is shown installing some of the new water treatment equipment on one of Elba's three water wells. Smith, who is with Water Treatment and Controls Company of Dothan, is changing out some worn equipment plus adding additional equipment to insure quality water for the residents of Elba.

A recent water test conducted on samples supplied by the city revealed an unusually high bacteria count and state officials increased their monitoring of the system to insure there was no increase in problems. Once the new system improvements are completed, water officials plan to put in place a monitoring system of checking water in every section of town on a daily basis.

A number of citizens has expressed concern over the safety of the water for drinking, after they received the short letter mailed by the city in compliance with state health officials. The official answer is that the water is being closely monitored and there seems to be no need for greater concern at this point.

Brainstorms.....

With Ferrin Cox

The national elections are over by now and President Reagan has won a whopping landslide victory. Of course the win didn't come as a surprise to anyone except several leaders of the National Democratic Party who have said on the tube recently that they felt sure Mondale was going to win. We even heard one saying that Tuesday morning. We must admit to a little bit of surprise ourselves when we read Wednesday morning of the high percentage of Reagan over Mondale. We had openly expressed an opinion that the percentage would be something less than ten.

This election was the best I ever did on an election. Never before have I voted 100 percent with the local folks and with the state and national electorate. I won't admit to being a crowd follower -- it is just that the majority is now with me!

I didn't get to vote in the wet/dry issue in Enterprise but my prediction of the community staying dry was a bit wrong, as Enterprise went wet by 367 votes. We don't expect the flood of bars and neon lights predicted in the heat of the campaign, nor do we expect to see all the teenagers lying out of school drunk, but we do predict that any restaurant for sale in Enterprise Monday will sell for at least an additional \$25,000 today.

We received a personal invitation to join the festivities at Taylor Parts Saturday, but even that cut me to the quick. It was a bit off-handed because it was worded something like, "We know you like fish and since you can't catch them yourself, come eat with us." It hurt my pride a bit but not enough to keep me from being in the fish line early! Since I did eat early, I was a bit ashamed of my appetite and only ate one large piece of fish, being sure to leave a taste for my friends. Then Monday I learned the rain shower cut into the crowd and they had 25 pounds of fish left! And they sure tasted good.

We read about a California couple that spent three months to clear up that they didn't owe the IRS \$104 in back taxes 1983. Then they got a computer notice saying they do owe \$9.6 million in penalties and interest on the late taxes they don't owe!

Pro football's TV ratings are slipping and insiders are wringing their hands to figure out why. If they would just ask us, we could give them a multitude of reasons: the number of games on the tube, the high salaries, strike, drug use, etc.

The U.S. Labor Department has issued some new regulations that now make it legal for people to do knitting at home for manufacturers. In other words a woman can stay home with her children and knit sweaters for a company that pays her for the amount of work she does. We strongly support this move, even though we recognize the many ways it can be abused. We hope the requirement for getting permits before setting up such a program and other restrictions in the regulations will prohibit the establishment of the infamous "sweatshops". We feel it can mean more spendable income for people who need it and for various reasons can't put in eight hours of profitable work on the assembly line.

Baby Fae, the California newborn with the transplanted baboon heart is still living as this is being written. We salute the doctors who are involved. We thumb our noses at the protestors who are worried about the poor little monkey and assure them if it was our child and we had any chance of saving her, there would again be one less baboon. We wonder how these folks would react if it were their child, or if they were on a crumbling ledge with a baboon or any other animal and had reason to believe the ledge would hold either them or the animal, but only one. Would they jump or throw the animal off the ledge? As far as I am concerned it would be goodbye baboon and there would be no guilt feelings afterwards.

Spanish Club Organizes

BY: JANET STEWART

The Constitutional Committee of the newly formed Spanish Club met recently to establish the by-laws of the club and to define the duties of the officers.

Members of the Constitutional Committee are the Spanish Club officers and five other club members elected by the club. The five members besides the officers are Sheila Simmons, Kim Brunson, Jimbo Bryan, Cheryl Faison, and Becky Huckaba.

The committee formed some rules for the new club. The members decided that the officers will be elected at the end of each year to serve the following year. Officers will be required to maintain a "B" average in Spanish.

Members of the club will be required to maintain a "C" average in Spanish. A probation period will be provided for those not meeting this requirement. Transfer students will be given two weeks to join the club.

Dues will be two dollars per school year. Only Spanish students may join the club.

The committee decided upon the duties of each officer. The responsibilities of the president will be to preside over the club meetings and to appoint committee members. The vice-president's duties will include taking over in the absence of the president, participating in every activity, and being on committees.

The secretary's job will be to write minutes, keep roll, keep a record of dues paid, and keep a scrapbook of the club's activities. The treasurer will be responsible for collecting dues, keeping a receipt book, and keeping records of fund-raising activities.

Spanish club officers for this year are Janet Stewart, president; Samantha Waddell, vice-president; Sharon Pope, secretary, and Dee Griffin, treasurer. The committee held its meeting after school.

Mrs. Wilson Enjoys Secretary Job

By: Sheila Simmons

The secretarial job at Zion Chapel is a very important job. Mrs. Lela Wilson has worked as secretary at Zion Chapel for about fifteen years.

Before moving to the Zion Chapel community, Mrs. Wilson lived three months in Little Rock, Arkansas and two years in Newbie, Alabama. Mrs.

Wilson and her husband, Rufus Wilson, now live in the Zion Chapel community.

Mrs. Wilson's job including keeping up with the payroll, keeping the ledger and running account of all the school organizations, filing purchase orders and receiving reports and vouchers, along with keeping financial reports. Her job also includes answering the telephone, counting the money from the store and organizations and making deposits every day.

When Mrs. Wilson was young she says she always wanted to be a secretary or nurse.

Mrs. Wilson attends a secretarial workshop in Montgomery every summer. Also, three or four times a year she, along with other secretaries around the area, where she has a chance to talk to school secretaries from several other counties.

Mrs. Wilson said that the students at Zion Chapel are like her children and she loves every one of them. Along with the teachers at Zion Chapel, she wants to help students get the best education they can.

Mrs. Sutley Teaches

Fourth Grade

Mrs. Chris Sutley is another one of our new teachers this year. She worked at New Hope for the last several years.

Mrs. Sutley has been teaching for nine years. She decided to teach because of her love and concern for children.

She is married to Mr. Wayne Sutley, a graduate of Zion Chapel. They have a fifteen month old son, Clay Sutley.

Jacque Harris Visits Home Economics Class

BY: KELLY SHEFFIELD

Ms. Jacque Harris, a representative from the Art Institute of Atlanta, spoke during Mrs. Elsie Hilton's first period Home Economics Class. She discussed the career opportunities available for people in the art field. She showed slides on career planning and a film "Your Future in Fashion." Ms. Harris talked about fashion merchandising, interior designing, commercial art, fashion illustrating, and photography. Fashion merchandising is the business of the fashion industry such as sportswear, jewelry, manufacturing, wholesale and marketing of goods. Interior design is the field where a person works on an individual basis with the customer aiding in achieving the look they wish to achieve. Commercial art is using drawings to help sell a specific product. Photography is used to illustrate a message in magazines, newspapers and fashion catalogs so that you get a visual effect of the product. The institute offers a summer program each year to allow Juniors and Seniors the opportunity to see if the fashion field is what they wish to make their career. The program consists of two weeks of classes, trips, and learning about the industry. The tuition for the program is \$125 and is highly recommended to students who have an interest in the art field. If you would like any information you can contact the guidance counselor at Zion Chapel High School.

Halloween Carnival

Was A

Big Success

BY: KRISTA DYESS

Zion Chapel held its annual halloween carnival on October 27, 1984. The carnival had games, and the video of Michael Jackson's Thriller, a dance duo jived by Jeff Amstrong, and lots of excitement. One could easily tell that the spirit of halloween was evident around Zion Chapel that night. Ghosts and Goblins of all sizes roamed the halls excited about all of their goodies. Later that night the Harvest King and Queen were announced. The Zion Chapel P.T.O. raised an estimated total of \$4,000.

Harvest King and Queen

BY: GLENDA BELL

Zion Chapel's Harvest King and Queen are Darren Reed and Pamela Doreen Johnson.

Darren is the son of Mr. and Mrs. Robert Reed. He is in Mrs. Young's second grade class. Darren's hobbies include riding his bike, playing the guitar, playing football, and collecting Hot Wheels cars. He raised approximately \$411.

Pam is the daughter of Mr. and Mrs. Delmar Johnson. She is in Mrs. Helms first grade class. Pam's hobbies include coloring, cutting and pasting paper, playing with her Barbie dolls, riding horses and chasing her cows. She raised approximately \$682.

Darren and Pam made their money through various activities. All this money went to support the Zion Chapel P.T.O.

REBEL 85 Sales Campaign

BY: JULIE DAVIS

The annual staff began work on the REBEL 85 sales campaign Monday, October 29. During the week of October 29 - November 2, staff members volunteered to be at school at 7:00 on certain mornings to help with the sales campaign.

Monday, October 29, the staff members started the week off by placing a banner, which read "Let's Be Friends", on the front fence. Tuesday, staff members taped a heart containing a lollipop and the words "Let's Be Friends" in each student's locker. Wednesday, staff members taped a heart in each student's locker. This time the heart said "Let's Be Friends! Meet Me!"

The campaign continued Thursday with a heart in each locker asking students to get together with their friends to decide what color they would wear to school Friday. By this time, students were beginning to wonder who was doing all the sneaking around. Some thought that it was the cheerleaders, others thought that it was the students from New Brockton.

The interprise Haunted

House Scary!"

BY: LEIA GRISSETT

"Scary, but fun!" exclaimed several of the Zion Chapel students who attended the WKMX and Enterprise Jace's Haunted House. Most of the students who toured the haunted house said the scariest thing was the chains and the long dark hallways. They said it was worth the admission price of \$2.50. The tour through the haunted house lasted from five to ten minutes.

Peanut Recipe

Contest To Be Held

New Brockton Future Homemakers of America, in conjunction with the Alabama Peanut Producers will be helping to promote the versatility of one of Alabama's most important crops - the peanut!

All participants must prepare an original main dish using peanuts, peanut butter, or other peanut products.

According to the Alabama Peanut Producers, "This contest is an excellent way for the participants to demonstrate their creativity, cooking expertise, and show support for Alabama's peanut crop."

Any FHA member wishing to compete must notify Mrs. Rowe before Nov. 15. The county contest will be held on Dec. 5, at Elba High School.

Speaker From Art

Institute Visits

New Brockton

On Oct. 31, Mrs. Jacque Harris of the Art Institute of Atlanta was on hand to speak to all students interested in pursuing a career in art.

She explained that there are five different schools within the art institute: fashion merchandising, fashion illustration, photography, commercial art, and interior design. Classes last only four hours a day, and most students fill the rest of the day with part-time jobs related to their career choice.

She then showed a slide on the broad scope of the art institute. Next she showed a slide on fashion merchandising, which is the oldest, and most popular, of the 5 schools. This was followed by a film on career planning.

Before leaving, Mrs. Harris urged all students to think about what they wanted out of life, and find a career that helped them achieve that.

Player And Cheerleader Of The Week

The Week

Kerry Jo Williams was selected football player of the week by the New Brockton coaching staff. From the flanker position, Kerry Jo scored the game-winning touchdown against the powerful Columbia defense. He is a senior and the son of Mr. and Mrs. Gerald Hartley.

Grover Williams was selected cheerleader of the week by her fellow cheerleaders. This is Ruthann's first year as a varsity cheerleader. She is a junior and the daughter of Mr. and Mrs. Gerald Hartley.

Coffee County Support Program

Successful

Mrs. Glenda Frazier, Supervisor of the Child Support Program in Coffee County says that the child support program in Coffee County has been successful since its inception in 1975 due to the combined cooperation of the Coffee County Department of Pensions and Security, the District Attorney's Office, the Circuit Clerk's Office, District Judge Gary McAliley and the Sheriff's Office. Coffee County is presently number three in the state in the total amount of monies collected for child support. This money offsets the monies paid out in Aid to Dependent Children grants. The state also now is able, in some instances, to collect monies from some absent parents through a tax-offset program. This means that in some cases, the absent parents' federal tax refund is collected by the state for child support purposes. The amount collected from the absent parent is applied toward the amount the absent parent owes the state for child support payments which are in arrears. Mrs. Frazier reported that Coffee County has collected \$29,000.00 through the tax offset program for fiscal year 1983-84. The fiscal year for the state begins October 1 and ends September 30. Total collections for this same period were \$101,326.00. The average amount collected per month was \$5,900.00. The Child Support Program constitutes a big savings to the tax payer of the state. The Child Support Program also helps to ensure that absent parents are helping to meet the needs of their children.

The Department of Pensions and Security also assists parents who are not ADC recipients with matters concerning child support obligations of absent parents. Mrs. Frazier said that persons desiring assistance with child support matters may come into the office in Elba any day during the week and that an appointment is not necessary. We feel that the Child Support Program is a valuable program since it means savings to the state in welfare dollars and also makes more money available to children in families with absent parents. The absent parent must also meet his or her obligation to these children and it is the children who benefit directly from the efforts of those who work together to make the Child Support Program successful.

All participants will be required to write and record a 3-5 minute speech on this year's theme.

The contest is open to all 10th, 11th, and 12th grade students. A

Unemployment

Rate Declines

Alabama's unemployment rate declined for the second consecutive month, according to Bill Heatherly, director of the Alabama Department of Industrial Relations. September's rate measured 10.9 percent, down from 11.0 percent in August, and more than a full percentage point below the 12.0 percent rate recorded a year ago. The current rate translates to 195,700 unemployed, compared to 196,800 in August and 210,900 a year ago.

Wage and Salary employment declined 5,800 over the month, due to the termination of summer employment programs for disadvantaged youth. Heatherly pointed out that students leaving the labor force to return to school would not be reflected in the state's unemployment figures. The largest employment gain resulted from the reopening of schools for the fall term, and the resulting return to work of school support personnel. In the manufacturing division, many industry groups reported declines, the largest of which was 3,000 in apparel. The only two major factory industry groups to realize over the month gains were the electrical and electronic equipment and transportation equipment groups.

The comparable national rate measured 7.1 percent, down from 7.3 percent in August, and well below the 8.8 percent rate recorded in September, 1983.

Spanish Study

Sessions Offered

The Instituto Internacional De Cultura de Saltillo, Mexico is offering intensive study courses in Spanish language and civilization this summer for all interested Spanish students.

Saltillo has often been called "The Athens of Mexico," due to its long and beautiful heritage. While in Saltillo, the students will have a choice of studying Spanish language, literature, art or history. The sessions vary in length from one to five weeks. A one week session will cost \$275.00, which includes tuition, room and board with a Mexican family, a private daily tutor, art materials, textbooks, and transportation to and from the Monterrey airport. The sessions are opened to all levels of Spanish students. Up to 8 credit hours can be earned. For more information contact Mrs. Geiger.

Tammy is the daughter of Ann Booker and participated in FBIA. She has attended New Brockton two years and says data processing is her favorite class. After graduation Tammy plans to attend business college in California.

THE PRESSBOX

BY RICKY MULARZ, EDITOR

The 1984 Elba Tigers earned themselves a place in the history books Friday night when they defeated Daleville 34-6 to end the season with a 9-0 record. The undefeated season was Elba's first since 1955, and will put the '84 team in the books beside all the great Elba teams of the past. Congratulations to the players and coaches.

History will be made again this Friday night when for the first time ever Elba will host a state playoff game involving the Tigers. Elba has never won a playoff game (losing twice to Euflaula), has never hosted a playoff game and has never been where it is now. If the Tigers can keep it up, 1984 will live on forever for Elba High football fans.

The rain last Friday night reminded a lot of people of last season's final regular season game with Geneva, a game which Elba lost; however, it was obvious from the start of the game that the Tigers weren't about to let an upset happen again. The offense took charge and ran at will as it rolled up over 400 yards on the ground. Michael Scott rushed for 213 yards and four touchdowns, upping his season totals to 1,412 yards and 13 touchdowns; while Richard McKinnon added 97 yards on only 11 carries. The line blew Daleville off the line of scrimmage and the backs ran hard - and the results were obvious! The Tiger defense returned to its mid-season form and totally shut down a supposedly dangerous Daleville attack. The defense was aggressive, hit hard and dominated in all aspects!

It was a true team win, and a heck of a way to head into the playoffs.

Okay fans, Elba will finally get a chance to host a playoff game Friday night and I expect everyone to be fired up and be very vocal! I've been bragging on our fans all year and now is the time to stand up and show everybody just what we think of the Tigers. The time is now!

The season came to an end for the three schools in the county system last week with the Zion Chapel Rebels claiming the county title. The Rebels had an up-and-down season and finished at 4-6; however, they defeated both Kingston and New Brockton to claim bragging rights for a year.

New Brockton's loss to Zion Chapel left the Gamecocks at 5-5 and was a disappointing end to a disappointing season. The Gamecocks were young and played a tough schedule, and you know they'll be looking ahead to '85. Kingston dropped its finale to Brantley, but finished the season at 6-4 and took a giant step toward becoming a good football team. In the past I thought they should drop football at Kingston; however, Coach Ronnie Cottrell has turned the program around and I think the Bulldogs could soon become a solid 1A contender.

I was reading an old paper last week and came across a story I thought I'd pass along. It seems that back in 1915 Elba was playing Zion Chapel in baseball and Elba was behind by three runs with two outs in the ninth inning. Isaiah Parrish came up to bat and hit a long fly ball over the outfielder's head and the ball got stuck in a woodpecker's hole in a dead tree. The runners circled the bases and Elba won the game by one run. The tree was cut down to retrieve the ball and it was discovered that three little woodpeckers gave their lives in the win.

Remember, I didn't write the story -- I just passed it on.

Ye ole Polish Prognosticator hit on 19 of 27 picks last week, which isn't exactly going out with a blaze of glory. Oh well, the sun is out and maybe my crystal ball will clear up. Here goes . . .

ELBA VS. ABBEVILLE

The Yellowjackets are much better than their record and could be quite a challenge. Elba went 9-0 during the season, but that means nothing now because a loss would end it all. I'm concerned, but I'm picking the Tigers to pull out a win.

Elba 21 - Abbeville 7

BRANTLEY VS. MCKENZIE

The Bulldogs have won eight straight since an early season swoon and will get a chance to pay McKenzie back for an opening season loss. It won't be easy, however, Brantley should make it to Round 2.

Brantley 14 - McKenzie 8

Everyone must buy tickets

Officials at Elba High School announced this week that regular season reserved seat tickets will not be accepted at the Elba-Abbeville playoff game Friday night. All reserved seat ticket holders must continue to sit in their usual seats; however, playoff tickets must be purchased for admission to the game.

Adult tickets are \$3, while advance student tickets are \$2. All tickets at the game will be \$3. Advance tickets are available at Elba High School.

110-yard field-goal attempt falls short at Coffee Springs

What do you do when your punter is injured and its fourth down on your own 7-yardline? Try a

110-yard field-goal, what else? The Coffee Springs Golden Bears played Dozier last Friday night and had to have set a high school record when in the third quarter they attempted a 110-yard field-goal. The Bears had stopped a Dozier drive on the 10-yardline but failed to move and on fourth down faced a 4th and 13 on the 7-yardline. The Bears lined-up for the field-goal, the holder put the tee down on the goal line and the kicker gave it all he had, only to see the ball fall 67-yards short of its mark! Dozier put the ball in play at midfield, so the attempt was just as good as a punt.

An 80-yard attempt also fell short, as did the Coffee Springs effort, as Dozier won the game 40-6.

Tigers host Abbeville in opener

The Elba Tigers will continue their quest for the state Class 4A football championship Friday night when they host the Abbeville Yellowjackets in the opening round of the playoffs.

Elba, the Area 3 champion, will carry a 9-0 record into the game, while Abbeville, the Area 4 runner-up, will enter the game with a 4-6 slate.

"Abbeville has got a good football team," stated Elba's Coach Mack Wood, "and last week's 32-0 loss to Ashford was no indication of how well it can play. It lost a couple of fumbles early in the game and just never got going. On offense Abbeville will use a 3-3-1 set and spread you out all over the field. They like to run the veer option, they like to pass and they can put points on the board in a hurry. Over on defense, they run a straight 50, are very basic and are extremely quick."

"If we hope to win," said Wood, "we'll have to play well on both offense and defense and be very sound. On offense we will have to have a balanced attack, pick up their punts and be ready for everything. On defense we'll have to be real sound, play extremely well on pass defense and contain their quarterback. Abbeville has made it to the playoffs and we know they'll have enough pride to play hard. We know Abbeville will come to town thinking it can win."

The Yellowjackets, coached by Tom Vickers, will be making their

first appearance in the playoffs since 1971, when they tried Oeonta in the 2A championship game. Abbeville's only other playoff trip was 1969, when it lost to Coach Mack Wood's T.R. Miller Tigers.

Abbeville (4-6) has claimed wins this season over Daleville 37-27, Rehobeth 31-14, Dale County 13-11 and Clayton 48-14, while the losses were to Slocumb 24-7, Pike County 20-14, Headland 14-0, Early County 35-0, Houston County 26-10 and Ashford 32-0.

The Abbeville offense is led by Darren Richardson, a multi-talented quarterback with the skills to hurt the opposition both running and passing. Other offensive weapons include Elbridge Glanton (RB), Dan Mitchell (RB), Elbert Peterman (SE) and Ty Webster (SE).

Glanton leads the defense, which utilizes quickness to stop opponents' outside attack.

Elba will challenge Abbeville with an offense that boasts a running back tandem that has rushed for over 2,000 yards and scored 18 touchdowns. Leading the attack is Michael Scott, a senior, who has gained 1,412 yards and scored 13 touchdowns, while fullback Richard McKinnon has bulled for 621 yards and five touchdowns.

The Tiger defense is anchored by noseguard Terry Ware, and gets plenty of help from Todd Sanders (DE), Jetey Wise (LB), Ken Ware (LB), Raynard McKinnon (DB), Art Brunson (DB) and Mike McCollough (DB).

PUBLIC NOTICE

The Elba Water System recently published notices concerning the presence of Coliform bacteria in water samples in a test conducted on September 17.

The test was conducted again on October 10 and was found to be satisfactory.

The City of Elba has contracted with a Dothan firm to install new chemical feeders at all three wells, and after this equipment is installed the system will be monitored daily.

"We feel this firm is among the tops in their field," said Elba Mayor Bob English.

Tigers drown Daleville

The Elba Tigers wrapped up their first undefeated season in 29 years last Friday night by posting an easy 34-6 win over the Daleville Warhawks, on a rainy night in Elba. The win upped Elba's record to 9-0 and gave the Tigers the Area 3 championship, while Daleville ended the season at 2-8.

Elba received the opening kick and showed its dominance by driving 68 yards in nine plays to take a quick lead. Michael Scott and Richard McKinnon took turns running at the Daleville defense, with Scott getting the touchdown on a five-yard dash. John Hudson added the extra point, giving Elba a 7-0 lead with 7:08 left in the first quarter.

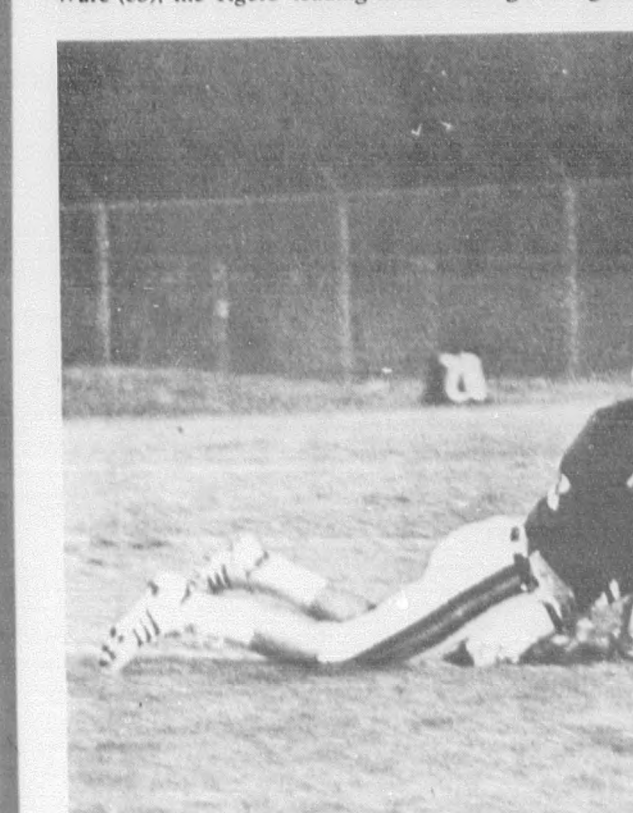

FOOTBALL SWEETHEART...Not even the heavy rain could dampen the spirits of Elba cheerleader Dawn Smith after she was named the 1984 Football Sweetheart. Presenting Dawn with an engraved silver bowl is Athletic Club president Ricky Mularz.

ELBA'S TODD SANDERS (81) applies heavy pressure to a Daleville punter in Friday's 34-6 win.

HIT BY A CHARGING BULL...A Daleville runner is hit for a 3-yard loss by Elba noseguard Terry Ware (53), the Tigers' leading tackler during the regular season.

ELBA'S MIKE MCCOLLOUGH (14) drags down a Daleville runner from behind as Elba's Art Brunson closes in to help make the stop.

Elba couldn't move on its next possession, but got the ball back on the 40-yard line at the end of the quarter and quickly added to its lead, as Michael Scott took a handoff and raced 60 yards for a score. Hudson's p.a.t. was good, and with 11:50 left in the half Elba's lead was up to 14-0.

Daleville, which managed only 21 yards in total offense in the first half, punted on its next two series, and with 4:52 left in the half Elba put the ball in play on its 30-yard line. Two running plays netted only seven yards, but Michael Scott got the call on third down and ripped off a 63-yard touchdown run to up the Elba lead to 20-0 with 3:30 left in the half. Hudson's extra point sailed wide; however, when the teams went in at halftime, it was Elba on top 20-0.

The Tigers received the second half kick and drove 66 yards in seven plays to score again. Richard McKinnon ran for 51 yards on the march, while Michael Scott got the call on a two-yard plunge. John Hudson kicked the p.a.t., giving Elba a 27-0 lead with 9:08 left in the third stanza.

A pass interception at the Daleville 10-yard line stopped an Elba drive midway through the quarter, but the Tigers got the ball right back on a punt and this time drove 55 yards in 10 plays to add to their lead. Derrick Young, Raynard McKinnon and Mike McCollough took turns running during the drive, with McCollough getting the score on a three-yard plunge. Hudson's p.a.t. was true, upping Elba's lead to 34-0 with 11:58 left in the game.

Daleville got on the board late in the game as it drove 80 yards in 13 plays against the Elba reserves. Billy Jones scored on an 11-yard run with :50 left, and a low snap faked the p.a.t., making the final score - Elba 34 - Daleville 6.

Michael Scott gained 213 yards on 18 carries to lead Elba, while Richard McKinnon added 97 yards on 11 carries and Raynard McKinnon gained 51 yards on seven carries. Billy Jones led Daleville with 76 yards on 19 carries.

Terry Ware made eight tackles and two assists to lead the Elba defense, while Ken Ware had six tackles and one assist. Brian English added five tackles.

record to 4-6 and gave the Rebels the Coffee County School System championship, while the loss left New Brockton with a 5-5 slate.

New Brockton received the opening kick and drove 77 yards in 10 plays to grab an early lead. Mike Haynes and Keith Patterson did the legwork on the drive, with Haynes getting the score on a three-yard run. Patterson kicked the extra point, giving the Gamecocks a 7-0 lead with 7:34 left in the opening quarter.

Zion Chapel's Bobby Hill returned the ensuing kick to the New Brockton 34-yard line and quickly marched in to tie the score. Hill scored on a three-yard run and Tony Shiver kicked the p.a.t., pulling the Rebels even at 7-7 with 5:01 left in the first quarter.

New Brockton flexed its muscle again on its next series and drove 57 yards in seven plays to regain the lead. Mike Haynes sparked during the drive and notched the touchdown on a 10-yard scamper. Patterson's extra point was good, putting New Brockton on top 14-7 with 4:50 still left in a wild first quarter.

Zion Chapel's offense wasn't to be outdone and on its second possession drove 72 yards and ate up over seven minutes of the clock to pull even at 14-14. Fullback Tony Shiver ate up large chunks of yardage during the drive and scored on a two-yard burst up the middle. Shiver added the p.a.t., making it 14-14 with 9:20 left in the half.

The Gamecocks couldn't score on their next possession and punted the ball away, with Zion Chapel taking over on its 30-yard line. Two running plays netted only five yards, but on third down the Rebels went to the air and Michael Hill found Dennis Evans open in the New Brockton secondary.

Evans pulled in the pass near midfield, side-stepped two defenders and raced all the way for a touchdown. The 65-yard scoring play put the Rebels ahead, and Tony Shiver's p.a.t. gave Zion Chapel a 21-14 lead with 9:20 left in the half.

The defenses finally began to take charge following the Zion Chapel score, as neither team could threaten for the remainder of the half.

Turnovers kept both teams off the board in the third quarter; however, Zion Chapel began a drive midway through the final stanza and

stretched its lead to 24-14 on a 23-yard field goal by Tony Shiver with 5:26 left in the game.

New Brockton had to gamble on its next series, but couldn't find the range on four passes and turned the ball over on downs. The Rebels took over at the Gamecock 35 and moved down for a final score to tie the win! Tony Shiver got the touchdown on a two-yard run with :17 left in the game and then added the extra point to give the Rebels a 31-14 win.

Brantley bumps Kinston

STORY BY GREG BRUNSON
PICTURES BY BILLY WAYNE
WILLIAMSON

The Brantley Bulldogs used a high-powered, big play offense this past Friday night to roll up a 27-0 halftime lead over the Kinston Bulldogs. Each team scored once in the second half as Brantley raised their record to 8-2, with a 33-6 victory.

It took the Brantley Bulldogs only four plays to cover 60 yards for the game's first points. Marvin Booker carried the ball straight up the middle for the final 22 yards and the touchdown. Keith Dorsey kicked the extra point to give Brantley a 7-0 lead with 9:43 left in the first quarter.

Kinston was able to pick up one first down on each of their first two possessions. Both first downs came on 16-yard plays by Alvin Henderson, one on a pass and the other on a run.

After a punt by Joel Hill rolled dead, Brantley put the ball in play on their own 21-yard line. It took Brantley only eight plays to cover the 79 yards, with Marvin Booker covering the last 48 yards. Booker carried up the middle then broke to the right side line and raced in untouched. Dorsey's kick failed, leaving the score 13-0 with 10:08 remaining in the first half.

Doug Salter supplied the next big play for Brantley as he took a pitchout around left end and galloped 29 yards into the endzone. This capped a five-play, 71-yard drive highlighted by a 25-yard run by Marvin Booker. Dorsey kicked the extra point to make the lead 20-0 with 5:44 to play in the second quarter.

On their next possession, Kinston ran the ball up the middle on a second-and-eight play. The ball popped up into the air and Lee Johnson caught it in full stride returning it 28 yards for another Brantley touchdown. Dorsey added the extra point, stretching the lead to 27-0.

Neither team scored in the third quarter but Marty White and Kyle Flowers each recovered fumbles for Brantley and Hugh Helms recovered one for Kinston.

The fourth quarter opened with the two teams still exchanging turnovers. Giles Bryan intercepted a Kinston pass and Mike Kelley

Bulldogs begin search for 1A crown against McKenzie

The Brantley Bulldogs will continue their hunt for the elusive State 1A football title Friday night when they host the powerful McKenzie Tigers in the opening round of the playoffs.

Brantley is rich in playoff tradition and will be making its seventh trip to the playoffs in the past 11 years. The Bulldogs finished second in the state in 1976 and 1983, and also appearing in post-season in 1974, 1977, 1978 and 1982.

Brantley got off to an 0-2 start this season, but recovered quickly and closed out the season with 8 straight wins to post an 8-2 record. During the winning streak, the Bulldogs outscored their opponents

222-40, and the starting defense allowed only 1 touchdown.

McKenzie, which finished the season at 7-2 defeated Brantley 9-7 in its season opener and moved atop the 1A standings in midseason, only to lose late in the season to Repton and Lyleffon.

THOUGHT FOR THE WEEK

When we share with those who have had more hope than we had ever hoped.

M.E. Gaylord

TOPIC FOR THE WEEK

"It Can't Be Done" - Some say Millions of people in every walk of life have never tried to achieve high goals that were achievable, or solve problems that were solvable. WHY?

Because they were told or believed "It can't be done". And they never learned or applied the essence of the art of motivation with a positive mental attitude that could have helped them achieve any goal that didn't violate universal laws, laws of God, and the rights of their fellowman.

Throughout the history of education, there has been a glaring fallacy - the assumption that knowledge is power. Knowledge is not power; it is

potential power. A person may know what to do, even how to do it, and yet may not take action because he doesn't feel like it. He may not have developed the habit to motivate himself at will to do the right thing at the right time because it is the right thing to do.

Don't be one of the people who say it can't be done. If you really want to do something, you can. Just try to motivate yourself to set a high goal - even one that others say is impossible to achieve.

The Southwest District Association and Women's Convention convened October 27 at the Grace Chapel Baptist Church in Andalusia, Ala. Dr. Alton Smith as host pastor.

Highlight of the convention was the parade march sponsored by Mrs. Annette Hammond and the annual address by Dr. Alice Jones.

New officers for 1984-85 were elected. They are:

Mrs. Annette Hammond - president

Mrs. Jeraldine Bass - vice president

Mrs. Annette Hammond had served as vice president for the past eight years. She also serves as secretary of the southeast state ministers wives' department.

We salute Mrs. Hammond in her new office and pray that she will be as successful a president as she was a vice president.

Work To Put County \$900,000 In Debt

County Commission Continues To Spend Money On Roadwork

The Coffee County Commission met in regular session on Monday November 12, at the Courthouse in

Enterprise and voted to proclaim the week of November 16-22 as "Farm-City Week" in Coffee County.

Mr. Bill Faulk, chairman of the local Farm-City Committee, stated "Farming is the largest industry in

Coffee County" and listed a number of activities planned for the week.

Bids on resurfacing and leveling roads were opened and once again the four "lame duck" commissioners pushed the plans through, despite objections from the two returning commissioners.

Commissioner Billy Eagerton stated, "I am not against resurfacing roads, but the county doesn't have the money to do it. If we accept the bid it will put the county over \$900,000 in debt!"

The outgoing commissions (Boutwell, Grant, Bowden and Martin) voted 4-2 to accept the low bid of \$253,568.30 from Wiregrass Construction, with Eagerton and Bradley voting no. The other bids were \$259,068.25 from S & C Materials and \$287,566.55 from Couch Inc. of Dothan.

In other action at Monday's meeting, the commission:

***approved the purchase of a copying machine for the engineer's

office;

***approved the employment of a new assistant engineer at a salary of \$20,670, effective January, 1985;

***took no action on requests to place signs on dirt roads;

***sent out invitations to bids on liquid asphalt, plant mix, stone and pipe;

***discussed the progress of various ongoing projects with the engineer;

***appointed Nellie Hudson to the Crenshaw County Water Authority;

***heard Tom Casaday state a vacancy in the Cooperative Extension Office wouldn't be filled unless the county would meet a new financial requirement, which would mean an additional \$3,000 allocation (the commission tabled any action);

***voted to send a letter of commendation to the Elba and Enterprise football teams for a successful season;

***and, passed a resolution honoring the Zion Chapel football team for winning the County School System crown.

INCOMING COMMISSIONERS . . . Coffee County's four incoming county commissioners listen as the current commission votes to do additional resurfacing of county roads. Pictured, L-R are Jimmy Bryan, Bill Faulk, Billy Paul Owens and Sid Averette.

Cecil Davis To Speak At Elba

Chamber Banquet Nov.17

Cecil Davis, assistant commissioner of agriculture for the state of Alabama, will be the speaker at the Elba Chamber of Commerce banquet on Saturday, November 17.

The banquet will be held at the Elba Elementary School cafeteria beginning at 7:30 p.m.

Combined with the annual chamber banquet is the Farm-City Week activities.

Davis is a native Alabamian and a well-known speaker. He has spent most of his life in leadership roles in agriculture and is a member of the

ODK Leadership Fraternity. He has also served in combat in World War II, receiving the Bronze Star and five Battle Stars.

He has been commander in the American Legion and the VFW, has served as a bank director and as a realtor. He is a former associate director of the Alabama Cooperative Extension Service and chairman of the Rural Property Protection Association. He is past president of the Lions Club, leader in the Red Cross and Cancer Society, is a farmer and member of the Alabama Farm Bureau and Cattlemen's Association.

Council Hears Progress Report On New City Pool

The Elba City Council met Monday evening with all members present except Mrs. Frances Trammell. The meeting opened with

prayer, reading of the minutes and a report from Police Chief John White that it was business as usual in the police department.

Recreation Director Dennis Smith gave the council an update on the plans for a new city swimming pool at Hawkins-Williams Park. Grants of \$50,000 and \$40,000 have been received to help with the project.

Smith said estimated cost of the project was \$256,360. It includes a large I-shaped pool with diving well, a wading pool, one- and three-meter diving boards, bathhouse, picnic area with 20x40 pavilion, 15 picnic tables, 10 grills, landscaping and fencing.

No decision has been made on the disposition of the two existing city-owned pools. Suggestions have been made to sell, lease or to cover up these facilities. City officials have indicated they probably wouldn't continue to operate the existing pools when the new one is complete.

Bids were opened on a new police car and a new dump truck. Successful bidder on the car was Cook Chevrolet with a bid of \$10,857.10. The council unanimously approved purchasing the low bid vehicle.

Bids on the dump truck were received from three dealers, with

Lonnie Russell Ford of Birmingham being the apparent low bidder at \$15,691. Dixie Ford of Elba was the next low bidder. A decision to purchase was tabled until a committee of council members Cleo Hawkins and John W. Sharpless could check the specifications and assure the council the low bidder was meeting the minimum requirements and the bid request.

The council approved a resolution proclaiming Farm-City Week as requested by county commissioner-elect Bill Faulk.

November 16 through 22 is being observed as Farm-City Week in Alabama, Coffee County and Elba. The Elba Chamber of Commerce will be honoring area farmers Saturday night at a banquet with assistant agriculture commissioner Cecil Davis as speaker. The event will be at 7:30 and tickets are on sale at the Chamber of Commerce office.

Bills were approved for payment. They totaled \$15,842.24 and included \$727 for sidewalk forms to use repairing existing sidewalks in town; \$907 for mosquito spray; \$1222 for drain pipe; \$5009 for gasoline and \$539 for new sewer clean-out rods.

State Highway Dept. To Study

Local Road Improvements

The State of Alabama Highway Department has begun a series of studies to determine possible improvements needed in the Elba area.

One project, identified as Project No. BR-484(1), Coffee County, consists of replacing the existing bridge over Buck's Mill Creek with a two-lane bridge capable of handling present and future traffic demands for this segment of Alabama Highway 87.

A second project, identified as Project No. BR-484(2), Coffee County, consists of replacing the existing bridge over Beaver Dam Creek with a two-lane bridge capable of handling present and future

traffic demands for this segment of Alabama Highway 189.

As a part of the Public Involvement Program, the state of Alabama Highway Department invites comments and questions from local residents, property owners and interested groups or organizations concerning the social, economic and environmental effects of the proposals.

Comments and questions should be directed to Mr. James H. Kelley Jr., Division Engineer, State of Alabama Highway Dept., P.O. Box 647, Troy, AL 36081.
